

REMARKS/ARGUMENTS

Applicant thanks Examiner for the detailed Office Action dated March 1, 2006. In response to the issues raised, the Applicant offers the following submissions and amendments. We also enclose a Terminal Disclaimer linking the term and ownership of any patent granted on the present application to that of co-pending USSN 10/760,227.

Amendments

The Applicants have corrected typographical errors at Pages 13, 15, 17, 18, 22 and 33. The Applicants submit these amendments introduce no new matter.

Claim 1 has been amended to address the antecedent issues identified by the Examiner. Accordingly we submit that the amendments do not introduce any new matter.

Claims - Antecedent

Claim 1 has been amended such that all the claim elements have a clear antecedent basis.

Non-Statutory Double Patenting

The enclosed Terminal Disclaimer links the term and ownership of any patent granted on the present application to that of co-pending USSN 10/760,227. The Applicant submits that this avoids any unjust timewise extension of patent rights or harassment from multiple assignees.

It is respectfully submitted that the application is now in condition for allowance.
Accordingly, the Examiner's favorable reconsideration is courteously solicited.

Very respectfully,

Applicant:
